Departmental Activity Report Crossword activity **27th September 2023**

Activity Title: Crossword Activity on G20

Objectives: The objective of a crossword activity related to the G20 (Group of Twenty) could be to:

1. **Enhance Knowledge:** Promote awareness and understanding of the G20, its member countries, objectives, and initiatives among participants.
2. **Education:** Educate participants about global economic and political issues, as the G20 focuses on discussions and policies related to these areas.
3. **Engagement:** Encourage engagement and interest in international relations and global governance.
4. **Critical Thinking:** Stimulate critical thinking skills as participants solve clues related to G20 topics, requiring them to apply their knowledge.
5. **Collaboration:** Promote collaboration and teamwork if the crossword is done in a group or classroom setting.
6. **Fun Learning:** Make learning about the G20 enjoyable and interactive by turning it into a game-like activity.
7. **Memorization:** Aid in the retention of G20-related facts and information through repeated exposure while solving the crossword.
8. **Assessment:** Assess participants' understanding of G20 concepts and their ability to connect various aspects of global issues.
9. **Vocabulary Building:** Enhance participants' vocabulary by including terms and phrases commonly associated with the G20.
10. **Skill Development:** Develop problem-solving skills as participants tackle clues and fill in the crossword grid.

Methodology: Students of Management and Commerce participated in the fun activity on 27th September 2023.

Resources: Students of BBA, B.Com, MBA and M.Com.

Evidence of Success: Exploring the G20 landscape greatly enriched our understanding of the global economic and political mechanisms in play. This experience provided a comprehensive and well-rounded view of the intricate workings of these international systems. By actively participating in this first-hand engagement, we gained an in-depth comprehension of the day-to-day procedures and strategies governing the G20's operations.

Our exploration shed light on the coordinated efforts required to ensure the effectiveness and security of these vital global networks. It unveiled the complexities of managing agendas, international relations, security measures, and diplomatic practices. This immersive experience allowed us to grasp the interconnectedness of various elements, which collectively enable the seamless operation of the G20, emphasizing the significance of stable and productive international relationships.

In essence, our journey served as an enlightening opportunity to acquire invaluable insights into the inner workings and diplomatic dynamics of the G20, contributing to a holistic understanding of its pivotal role in contemporary global governance.

Feedback from stakeholders: The feedback from the stakeholders regarding the G20-themed crossword activity has been overwhelmingly positive, affirming that the activity was a highly valuable and enriching learning experience.

Future scope: Debates and Discussions, Research Projects Guest Lectures and Webinars, Multimedia Presentations can be conducted in future.

Learning outcomes of the event: The crossword puzzle activity on the G20 for students can yield several valuable learning outcomes:

1. **Enhanced Knowledge:** Students will deepen their understanding of the G20, its member countries, objectives, and key initiatives as they research and solve crossword clues related to these topics.
2. **Critical Thinking:** The activity encourages critical thinking and problem-solving skills as students decipher clues and strategically fill in the puzzle grid.
3. **Vocabulary Enrichment:** Participants will expand their vocabulary by encountering and learning new terms and phrases associated with the G20 and global economic issues.
4. **Research Skills:** Students may need to conduct research to gather information about G20-related facts and concepts, promoting independent learning and research skills.
5. **Retained Information:** Repeated exposure to G20-related information during the puzzle-solving process can aid in the retention of key facts and concepts.
6. **Active Engagement:** The interactive nature of crossword puzzles keeps students engaged, fostering a positive learning experience.
7. **Group Collaboration:** If done in groups, the activity promotes teamwork and collaboration as students work together to solve the puzzle.
8. **Application of Knowledge:** The crossword activity encourages students to apply their knowledge of the G20 in a practical context, connecting theory to real-world situations.
9. **Conceptual Clarity:** Through discussions and reflections, students gain clarity on G20-related concepts and their significance in global economics and politics.

10. Interest in Global Affairs: The activity can spark interest in global affairs, international relations, and the role of the G20 in addressing global challenges.
11. Problem Solving: Students develop problem-solving skills by deciphering complex clues and finding solutions within the crossword grid.
12. Self-Assessment: Completing the crossword and discussing answers allows students to self-assess their comprehension of G20-related topics.

In summary, the crossword puzzle activity on the G20 provides a multifaceted learning experience that goes beyond memorization. It promotes critical thinking, research, vocabulary development, and an enhanced understanding of global economic governance, making it a valuable educational tool for students. Valuable educational tool for students.
