## 1. Introduction:

With the introduction of NEP 2020, the higher education programs in India are gearing up to combine theoretical learning with practical application. On-the-job training and internships are tools that provide students with opportunities to apply theoretical knowledge in real-world settings. This hands-on experience helps bridge the gap between classroom learning and practical application.

Internships and on-the-job training programs also offer students the chance to develop essential skills that employers highly value. These include communication skills, problem-solving abilities, teamwork, and adaptability. By working in a professional environment, students gain valuable experience that enhances their employability. They also learn to navigate professional environments, manage responsibilities, and overcome challenges. This experiential learning fosters independence, confidence, and self-awareness, which are essential for success in both career and life.

Furthermore, students get a first-hand look at various industries and career paths. This exposure allows them to explore different fields, understand industry trends, and identify areas of interest. It also helps students make more informed decisions about their career paths after graduation. At the same time, students get valuable networking opportunities. They interact with professionals in their field, build relationships, and expand their professional network. These connections can benefit future job opportunities, mentorship, and career guidance.

Experience gained through internships/ on-the-job training certainly adds value to students' resumes. Employers often look for candidates with practical experience; internships give students a competitive edge in the job market. In addition, a successful internship can sometimes lead to full-time employment opportunities with the same organization.

It is with this backdrop that the Tilak Maharashtra Vidyapeeth has crafted its OJT policy in light of the NEP 2020 framework as well as the guidelines provided by the Higher and Technical Education Department, Government of Maharashtra (2024) and **UGC Guidelines for Internship/Research Internship for Undergraduate Students 2023**.

---

An Internship / OJT programme aims to provide students or recent graduates with practical work experience related to their field of study or career interests. Internships may focus on skill development, career exploration, or both.

According to the UGC guidelines, in an internship programmed, students are required to participate in work experience or professional activity, or cooperative education activity with an entity external to the education institution, under the supervision of an expert from the given external entity. A prime aspect of the internship is induction into actual work situations. Internships and OJT s include working with government or private organizations, educational institutions, research and development labs/research organizations/non- government organizations, enterprises, centers involved in research, innovativeness and entrepreneurship, business organizations, local industry, artists, craftspeople, farmers- producer organizations and similar other entities for providing opportunities to students for active engagement in on-site experiential learning.

On-the-job training (OJT) is a practical approach to acquiring new competencies and skills needed for a job in a real, or close to real, working environment. It provides the trainees with opportunities to practice skills and apply their knowledge under the most realistic conditions possible, which are the actual job conditions.

## **2. OJT Objectives:**

An OJT programme in general sets out to achieve objectives such as

1. Align classroom learning's with workplace outcomes.
  2. Provide students with real-world work experience and align their expectations with job demands.
  3. Combine physical and digital learning modes in industry settings, blended with mentorship.
  4. Foster research skills, including knowledge discovery, analytical tools, methodologies, and ethical conduct.
  5. Introduce students to emerging technologies and their applications in various fields.
  6. Strengthen students' entrepreneurial skills and encourage job creation.
-

7. Facilitate problem-solving, decision-making, team work, and collaboration.
8. Foster social awareness and philanthropic values among students.
9. Encourage collaboration between Higher Education Institutes (HEIs), industry, and academia for internships and research opportunities.
10. Instill professional principles, ethics, values, and integrity to meet employment market demands and social needs.

### **3. OJT outcomes:**

After the completion of the OJT programme, the student will be able to;

- Apply concepts learned in classrooms to real-world work environments, enhancing their understanding and skills.
- Show insights into the challenges, opportunities, and culture of different workplaces, preparing them for future employment.
- Navigate through various learning modalities effectively through exposure to hybrid learning models.
- Show evidence of research aptitude and skills of critical thinking, analytical skills, and ethical research conduct in the conduct, and communication of their work
- Use and appreciate the use of emerging technologies and their applications, enhancing their technological literacy and adaptability.
- Display problem-solving abilities in making informed decisions in complex scenarios through practical situations.
- Work in teams and collaborate to achieve common goals in diverse work environments through collaborative projects.
- Give examples and cite ways of contributing to the field of work in a manner that displays social responsibility and sustainability.
- Display integrity in their dealings with their work and the people that they interact With by upholding professional; principles and ethical standards.

The organization/institute/industry that offers OJT to students

Person who is designated by the host organization / industry to supervise a student / group of students during their OJT.

## 1. Process of OJT Implementation:

The Department/Centre/Institute may consider the following Mechanism for the implementation of OJT:

1. To facilitate effective implementation of the OJT program, Colleges/Departments/Institutes are encouraged to establish an OJT Cell-responsible for overseeing its smooth functioning. It will consist of the following: Head of the department, OJT Coordinator, Faculty Mentors and one/two student coordinators.
2. One teaching faculty member and one/two students from each postgraduate department will be nominated to serve as coordinators for the OJT program. These coordinators will play a crucial role in coordinating and implementing the program within their respective departments.

The Department, however, may decide if they should have student coordinators, based the strength of the batch undergoing OJT.

1. The teacher coordinator will take the lead in preparing an action plan for the implementation of the OJT program. They will also be responsible for coordinating with the central team of the University/College to ensure alignment with broader institutional goals.
2. To streamline the administrative process, the Department/Centre will provide necessary formats to students for documentation related to the OJT program.
3. Each Department/Centre must ensure collaborations with 8-10 relevant organizations, industries, or research institutes. These collaborations will serve as crucial avenues for facilitating internship opportunities for students.
4. Furthermore, the College/Department/Centre/Institute is encouraged to explore and initiate the process of signing a Memorandum of Understanding (MOU) with local businesses, research organizations, and Higher Educational Institutions (HEIs). Such agreements will facilitate training, research, and potential employment opportunities for students.
5. Effective communication is key to the success of the OJT program. All communication about the program will be channeled through the designated OJT coordinator of the department/centre/Institute. This individual will also be responsible for maintaining relevant documents related to the program.
6. Before the commencement of the OJT program, an orientation session will be conducted by the Head of Department. This session will serve to familiarize students with the purpose, process, and code of conduct associated with the program.
7. In addition to orientation, the OJT Cell may design programs or workshops aimed at preparing students for their OJT/internship experience.
8. To ensure effective mentoring and support, an equal number of students will be allocated to each faculty member of the department. These faculty members will act as internship/OJT mentors and will be responsible for monitoring and evaluating the progress of the allotted students.
9. Once students are shortlisted for OJT/internship opportunities, they will consult with the internship/OJT coordinator and mentor. Upon obtaining due permission from the parent institution, students will join the host organization for their OJT/internship experience. Throughout the OJT/internship period, students will maintain activity reports as per the provided format.

- i. These reports will be duly signed by the respective supervisor at the host institution and submitted to their department mentors regularly.
10. Upon completion of the OJT/internship program, students must submit a completion certificate duly signed by the OJT supervisor or a competent authority designated by the host organization. Additionally, they are required to submit a report highlighting their learning and experiences during the internship period to the OJT coordinator.
11. To ensure transparency and accountability, students will also present their work done during the internship to the Department/Centre/Institute committee, which may consist of the OJT Coordinator and Department Mentor.
12. Finally, student feedback will be collected to evaluate the effectiveness of the OJT program and identify areas for improvement in both the program implementation and the broader curriculum.

#### **Credits and Duration of On-the-Job Training (OJT):**

- a. On-the-job training (OJT) will carry a weight age of Four Credits.
- b. Each student is required to complete one hundred and twenty clock hours of On-the-Job Training (OJT).
- c. The OJT program is to be completed during Semester II. According to the guidelines outlined in the National Education Policy (NEP), post graduate students are expected to fulfill this requirement either within the second semester of their PG program or during the semester break following the second semester.

#### **Evaluation of OJT:**

Evaluation during the OJT program involves two key components: External Evaluation (50%) and Internal Evaluation (50%). The following is a suggested two-fold pattern of evaluation.

3. Host Organization Evaluation: The host organization will assess students based on criteria such as punctuality, completion of hours, and proficiency in required skill sets. They will also provide feedback on the student's overall performance.
4. Department Mentor Evaluation: Additionally, students will be evaluated by their

department mentor based on their weekly reporting, written report, and viva voce/presentations.

In the event that a student is unable to fulfill their obligation to report to their designated organization on a particular day due to medical or other critical reasons, they are required to promptly notify both their department and the organization.

In case of the non-completion of On-the-Job Training (OJT) during these cond semester, student must ensure that the backlog be completed before the conclusion of the third semester.

**The suggested evaluation grid for the assessment:**

Subject: Joining letter of student

Dear Sir,

Kindly refer to your letter/e-mail dated on the above-cited subject. As permitted by your good self the following students will undergo OJT/Internship in your esteemed organization under your sole guidance and direction

| Sr. No. | Name | Roll no. | Year | Department |
|---------|------|----------|------|------------|
|         |      |          |      |            |
|         |      |          |      |            |

This training is an essential part of the curriculum, and the following guidelines have been prescribed in the curriculum for the training. You are, therefore, requested to please issue the following guidelines to the concerned OJT supervisor.

- Each student is required to prepare an OJT diary and report.
- Kindly check the OJT diary of the student on a timely manner.
- Issue instructions regarding working hours during training and maintenance of the attendance record

You are requested to evaluate the student's performance based on the below-mentioned parameters (we will provide you with the evaluation sheet):

|                     |                     |                        |
|---------------------|---------------------|------------------------|
| Completion of Hours | Quality/Performance | Punctuality/Regularity |
|---------------------|---------------------|------------------------|

The performance report may please be forwarded to the undersigned on completion of training in a sealed envelope or in an email.

Your efforts in this regard will positively enhance the knowledge and practical skills of the students, your cooperation will be highly appreciated, and we shall feel obliged.

The students will abide by the rules and regulations of the organization and will maintain proper discipline with keen interest during their OJT. The students will report to you on \_\_\_\_\_ (date) along with a copy of this letter.

Yours sincerely,

Internship Coordinator/HOD
