To fulfill Lokmanay's dream of building a strong and modern India, TMV has been relentlessly imparting education to contribute towards national development.

Last few years, TMV witnessed massive expansion in infrastructure, technology, courses, and research activities. Moreover, perpetual up-gradation of the teaching-learning resources, conduction of International Conferences, Seminars, Workshops, and high-quality research publications are a demonstration of our fortified resolve to perform better.

Our work has been recognized and accoladed nationally as well as internationally in the fields of Sanskrit, Indology, Ayurveda, Mass Media, Journalism and Japanese, attracting the best minds here.

A Brief Profile of Lokmanya Tilak

During India's struggle for independence, the nation was evolving, becoming aware of new goals, and realizing its best self. The late Lokmanya Tilak was one of the key figures in starting and accelerating this process. Yet he is not a part of the past. Even now, India's character is shaped by the words and deeds of this brave man.

Impressionable Days

On July 23, 1856, Tilak was born in Ratnagiri, Bombay Presidency, on the west coast of India. After completing his education, Tilak enrolled in the Deccan College in Pune to pursue his B.A. He majored in English, Sanskrit, and pure and applied mathematics there, earning his degree in 1876. He spent a year in physical training during this time, which helped him in difficult times since he developed a strong body, endurance, and workout habits that he carried with him throughout his life. He pursued LLB after graduating and earned an LLB degree in 1879.

Education

Along with his friends, Tilak founded Fergusson College in 1885 and New English School in 1880. According to them, education was a very good platform for putting their ideas of national education into practice and for shaping the next generation, which will help to create a strong and modern India.

'Kesari' and 'Mahratta'

Tilak hoped to have an impact on young people's susceptible brains, which would be much more likely than adults to embrace idealism. He also intended to educate the general populace by encouraging them to mould circumstances to cultivate in them a drive to mould their futures. It was ultimately decided to launch two newspapers: the 'Kesari,' (The Lion) to be edited in Marathi, and the 'Mahratta' (Warrior Spirit) to be edited in English.

A Brief Profile of Lokmanya Tilak

The Four-Fold Formula

Tilak was aware of the importance of agitation in fostering an atmosphere of resistance and igniting public enthusiasm. He would not be content with massive demonstrations, though, if they did not result in further action. Hence, he placed a strong emphasis on the four pillars that would sustain the architecture of the new life in India: **Swaraj, Swadeshi, Boycott, and National Education**. He focused all of his efforts on educating the populace about the importance of this agenda and persuading them that everyone who was patriotic and adhered to democratic values had a role in the movement for Swaraj, not just the elite or the revolutionaries. According to Tilak, the goal of national education was to teach the next generation a new way of living and dedication. As Aurobindo Ghosh picturesquely put it, "The four resolutions were, for him the first step towards shaking the Congress out of its torpid tortoise-like gait and turning it into a living and action body."

Tilak wrote very important books on subjects as diverse as the origins of Aryans namely, 'The Orion', 'The Arctic Home in the Vedas', 'Vedic Chronology' and 'Geetarahasya' which is a commentary on Shreemad Bhagwad Geeta. 'Geetarahasya' transformed the way of life for all the Hindus for a higher goal i.e. Karma Yoga.

In July 1920, Tilak came to Bombay and stayed at the Sardar Griha. Gandhiji, Shoukat Ali and others visited him. He had an attack of malarial fever while in Poona. He was again down with fever in Bombay. It soon developed into pneumonia. After the 28th of July, he became unconscious. He began talking in delirium. On 29th July, he talked as if he was addressing a meeting: "I am quite sure and you may also believe in me that India will not prosper unless she gets Swaraj." At 2.00 O'clock the same night, he said, "I am thankful for what you and the people have done." From the 30th, speech became indistinct. At 12:40 at night on Sunday, 1st August, he breathed his last.

What India felt and what Indians continue to feel for Lokmanya Tilak has been best expressed by Mahatma Gandhi in the following words :

"For us, he will go down to the generations yet unborn as a maker of modern India. Indians will revere his memory as of a man who lived for them and died for them. It is blasphemy to talk of such a man as dead. The permanent essence of him abides with us forever."

Let us stand for the only 'Lokmanya of India', an imperishable monument by weaving into our own lives his bravery, his simplicity, his wonderful industry and his love of his country."

Pre-independence Era

The origin of the Vidyapeeth dates back to the pre-independence period - 1921 when immediately after the demise of Lokmanya Bal Gangadhar Tilak, his follower Mahatma Gandhi mooted the idea of establishing a university in his memory. As we all are aware, one of the postulates of the four-fold formula conceived by Lokmanya Tilak was National Education and the other three were Swaraj, Swadeshi and Boycott. The delegates of the first Maharashtra Provincial Conference on 6th May 1921 under the president-ship of Shrimat Shankaracharya of Karveer Peeth decided to have National University in Maharashtra and thus, Tilak Maharashtra Vidyapeeth (TMV) was established.

During the pre-independence period, degrees were awarded in the faculties of Arts, Management, Commerce and Engineering as well as the research work in Sanskrit and Ayurveda were world acclaimed and recognized. Similarly, in the post-independence period, the degrees of Tilak Maharashtra Vidyapeeth were equivalent to the degrees of other statutory universities.

Post-independence Era

After independence, the Vidyapeeth entered the discipline of Social Sciences and provided the facilities for Post Graduate Education and Research in it. The teaching and research work carried out by the Departments of Sanskrit, Ayurveda and Social Sciences are well acclaimed.

The concept of non-formal education was first discussed at the national level in the year 1985. Eminent scholars associated with the Vidyapeeth gave serious thought to the promotion of non-formal education and thus in 1985, the Department of Distance Education (initially known as Mukta Vidya Kendra) came into existence.

Deemed to be University Status

Though late, i.e. after 66 years of establishment of Vidyapeeth, it was only in the year 1987 that the University Grants Commission took cognizance of the significant work of TMV in the fields of Ayurveda, Distance Education, Sanskrit, and Social Sciences and thereby on its recommendations, the Government of India conferred the "Deemed to be University" status upon Tilak Maharashtra Vidyapeeth. With this conferment of "Deemed to be University" status, the Vidyapeeth gained recognition at the national level.

The Vidyapeeth at present offers postgraduate education through MBA, MSW, M.A. Yoga, M.A. - (Social Sciences, Japanese, Sanskrit, Indology), M.SC Nutrition & Ayurveda, M.A.M.C. and M.Com. along with undergraduate education through BCA, BBA, B.A. - Animation, VFX, Game Designing, BBA (Hotel Tourism and operations), BPT, B.Com, B.A.J.M.C., B.A. - Sound, Film Making, Photography. Ph.D. programs are offered in Management, Sanskrit, Indology, Ayurveda, Journalism and Mass Communication, Social Work, Social Science.

As per the UGC guidelines, the Choice-Based Credit System has been adapted/implemented for undergraduate programs.

The NEP 2020 has been implemented both at U.G. and P.G. levels.

Introduction :

Higher education plays an extremely important role in promoting human as well as societal well-being and in developing India as envisioned in its Constitution - a democratic, just, socially conscious, cultured, and humane nation upholding liberty, equality, fraternity, and justice for all. Higher education significantly contributes towards sustainable livelihoods and economic development of the nation. As India moves towards becoming a knowledge economy and society, more and younger Indians are likely to aspire for higher education.

NEP 2020 focuses on five pillars: Affordability, Accessibility, Quality, Equity, and Accountability – to ensure continual learning. It has been crafted consistent with the needs of the citizens as a demand for knowledge in society and the economy called for a need to acquire new skills regularly. Thus, providing quality education and creating lifelong learning opportunities for all, leading to full and productive employment and decent work as enlisted in United Nations Sustainable Development Goals 2030, forms the thrust of NEP 2020. The global education development agenda reflected in Goal 4 (SDG4) of the 2030 Agenda for Sustainable Development, adopted by India in 2015 - seeks to "ensure inclusive and equitable quality education and promote lifelong learning opportunities for all" by 2030.

Understanding the importance of NEP 2020, Vidyapeeth has implemented the NEP 2020 Policy

- Undergraduate education can be of 3 or 4 years with multiple exit options and appropriate certification at different stages.
- Opportunity for learners to choose the courses of their interest in all disciplines.
- As per the NEP 2020, the students will now have options of multiple exits during their UG programme. For example, a student can exit just after 1st year of graduation with a certificate in hand. If he/she opts to exit after the second year, Diploma will be awarded for 2 years of successful completion of the study. As usual, the 3rd year of UG completion will result in a Bachelor's Degree and 4th year of UG completion will be awarded a Bachelor's degree with Honors.

Student opting to exit under UG program will have to complete 10 credits of internship which is skill based in order to obtain a Certificate/ Advance Diploma at the exit point.

• NEP 2020- UG Exit Options

Option No.	Options	Academic Recognition
01	After 1 st year of the UG programme	Certificate (10 Credits of Generic Skills Internship)
02	After 2 nd year of the UG programme	Advanced Diploma (10 Credits of Course Specific Skills Internship)
03	After 3 rd year of the UG programme	Bachelor's Degree
04	After 4 th year of the UG programme	Bachelor's degree with Honors

- Multidisciplinary and holistic education across the sciences, social sciences, arts, humanities, and sports for a multidisciplinary world to ensure the unity and integrity of all knowledge.

- An Academic Bank of Credit (ABC) is being established, which would digitally store the academic credits earned from various recognized Higher Education Institutions so that the degrees from a Higher Education Institution can be awarded taking into account credits earned.
- In honestly and faithfully implementing the NEP 2020 Policy, the authorities of TMV have tentatively prepared an action plan that will be implemented in a phased manner to achieve the goals/objectives of the NEP 2020 Policy.
- The Vidyapeeth will continue to issue the necessary directions/ instructions to all the concerned for this purpose.
- For further details, all the concerned are requested to refer to the NEP 2020 Policy laid down by the Government of India.
