

On-Line Home Assignments – Extra Time

External Education students were required to complete their On-Line Home assignments for the January – May 2019 semester during March and April. The schedule started from 11th March and will end on 5th April 2019. Every group has been given 8 days or more time to complete their work. Time was also allotted for clearing of backlogs earlier periods.

In spite of being given so much time, some students and their Contact Centres have informed that they have not been able to complete the task. It has been decided to give one more opportunity to complete the on-line Home Assignment work to such students. **Accordingly, ON-LINE Home Assignment portal will be kept open from 6th April to 15th April 2019, i.e. 10 more days.** During this period all students of all courses will get an opportunity to complete their work, including clearing of their backlogs.

All concerned students please note that this will be the last chance to complete the Home Assignments, including backlogs. If they do not do the required assignments in the allotted period, they will be marked 'Absent' and will have to do the work as a 'Backlog' in the next semester by paying applicable fees. Students must make best use of the chance and start the work immediately, instead of waiting till the last day of extended schedule.
