

## SECOND CHANCE – On-Line Home Assignments and Backlogs

On-line home assignment dates were announced in March 2018. Time slots for various subjects and backlogs started from 17.03.2018 and will end on 16.04.2018. Time available for clearing of backlog assignments was 14 days, while students current courses got 8 days to complete their Home Assignments. However, in spite of such long time periods being available, students' response to this facility was unsatisfactory. Many students have still not registered for on-line Home Assignments and many have not completed their assignments till the last dates.

A number of students and Centre Coordinators have requested for extension of dates for on-line home assignments. In order to help the defaulting students, it has been decided to provide one more chance to them. Fresh dates for the above on-line work as follows:
