

Francis Carloz Nvertay Tetteh (from Ghana)

M.A Economics – First Year student

I am currently in my second semester in the Master of Arts Course in Economics. The Course structure is of an International standard. The Lecturers are very supportive in both exploration and tuitions.

As an International student both the educational and cultural experience in TMV has been worthwhile.

There is a fine blend of Culture with value systems of tolerance. The International Students' Cell is one of the best in supporting students with documentation.

TMV is a great institution and has renowned heritage.
