DELEGATES FOR THE WORKSHOP

INAUGURAL CEREMONY

Dr. Umesh. K. Keskar , Hon'ble Registrar, Tilak Maharashtra Vidyapeeth, Pune enlightening the gathering at the Inaugural ceremony of the IMNCI workshop.

Tilak Maharashtra Vidyapeeth's Institute of Nursing Education and Research, Pune organized a State level workshop on "Integrated Management of Neonatal and Childhood Illnesses" at Tilak Smarak Mandir, Pune on 30/01/2012. The IMNCI strategy includes both preventive and curative interventions that aim to improve practices in health care facilities, the health care system and at home.

Dr. Deepak. Tilak sir, Vice- Chancellor, Tilak Maharashtra Vidyapeeth, President of the workshop, reinforced the theme of the workshop and expressed the need behind organizing the workshop considering alarming Neonatal and Infant mortality rates in developing countries like India.

Dr. U. K. Keskar, Registrar, Tilak Maharashtra Vidyapeeth, and the Chairperson of the Advisory committee, Dr. B.S. Damle, Dean, Department of Health Sciences, Tilak Maharashtra Vidyapeeth admired the efforts of Institute of Nursing Education and Research for organizing such an admirable event and called it an 'need of the hour'

Prof. M.S. Shelke, Principal, Institute of Nursing Education and Research, welcomed the dignitaries and delegates and briefed with the college report.

Mr. Ramling. Mali, President, Maharashtra Nursing Council, Mumbai, the Chief Guest for the workshop appreciated and congratulated the Institute of Nursing, TMV for selecting a very relevant theme and for having invited nursing students, staffs and administrators from across the state.

Mr. A. B. Kulkarni, Former President, Trained Nurses Association of India (TNAI) was the Guest of Honor. The theme of the workshop was unfolded at the hands of Guest of Honor. He gave a brief picture about the Nurses Role in implementing IMNCI and other National Health Programmes.

The souvenir on “IMNCI” 2012 was released at the hands of Honorable Chief Guest Mr. Ramling. Mali.

Compeering and Vote of Thanks was given by Mr. Ashish. Arole and Ms. Priscilla. Paul.

Experts of IMNCI were Dr. Dama (former Additional Director, State Family Welfare, Pune) spoke about Holistic Medicine, Dr. Subhash. Dodwad (Former Additional Director, Health Services, Pune) spoke about Overview of IMNCI, Dr. G. A. Panse (Former Additional Director, Family Welfare ,Pune),Dr. C.M. Gojumdunge (Quality Assurance co-ordinator for IMNCI) spoke about N.S.S.K , Methodology to assess and classify sick infants and children upto 5 years, Counseling of mothers, Dr. Pramila Menon(National Facilitator for IMNCI) spoke about Feeding practices from birth to 5 years, Dr. Chandrakala. Jaiswal (Consultant, Child Health, UNICEF) spoke about Holistic view of interventions done by Government of Maharashtra, Significance of IMNCI and its application at Community and Hospital level, respectively.

A Panel discussion was arranged where experts discussed about different aspects of IMNCI, and role of Nurse in implementation was discussed by Mrs.B.A.Band, an auxillary nurse and midwife. Many queries of the delegates were answered by the experts.

Delegates from all over Maharashtra attended the workshop and got benefitted.

Programme concluded with Pasaydan from students of Institute of Nursing, TMV

The event was a huge success.
