

Tilak Maharashtra University
Bachelor of Business Administration (Distance)
(Semester - IV) - Internal Evaluation
Production & Operations Management

Marks : 80

Code : 71413

Note:

- ❖ The Paper Consist of two sections I & II
 - ❖ Section I & II are Compulsory
-

Section I

Q.1. Give a detailed account of production planning and control (15)

OR

Give a detailed account of manufacturing management decision.

Q.2. Discuss in detailed "Incentive Scheme". (15)

OR

Discuss in detail PERT and CPM.

Q.3. What is Intermittent system? Discuss the detail (15)

OR

What is continuous system? Discuss the detail

Q.4. Write short notes. (Any three) (15)

- a) Batch Production
- b) Inspection
- c) Factors influencing location of site
- d) Role of a production manager
- e) Project management

Q.5. Choose the most appropriate option: (20)

1. Industrial Revolution took place in _____

- a) 1750 b) 1913 c) 1991

2. Quality of products improved because of _____

- a) Automation b) Management c) Skilled labour

3. The globalization policy & Indian Government in 1991 resulted in _____

- a) Competition b) Cost cutting c) Loss of jobs

4. Mass production system is also called as _____
- a) Batch production system b) Flowline time system
c) Unit manufacturing system
5. Production process basically involves conversion of _____ to a finished product.
- a) Service b) Metal c) Chemical d) Raw material
6. Intermittent system of production is _____ to suit production varieties.
- a) Rigid b) Circular c) Flexible
7. One of the problems in Job production is _____
- a) Fast production b) Idle time of machines c) Easy planning.
8. Batch production system demands _____
- a) High investment b) Low investments) Online inspection
9. All operational stages must be balanced in _____
- a) Batch Production b) Project
c) Continuous type of manufacturing system
10. Cent percent inspection is _____
- a) Required b) Costly c) Cheap
11. If a process is under control, all the characteristics of production lie under
- a) Normal Distribution Curve b) Linear graph c) Tabular format
12. Rural areas provide _____
- a) Ample land b) Freedom from city taxes c) Good Infrastructure
13. Out of the objectives of production Planning & Control is to plan for _____
- a) Achieving targets b) Manpower planning c) Inventory control
14. Scheduling indicates _____ will the product be available.
- a) Where b) What c) When
15. Routing tells us about the route the _____ will follow to convert itself to a finished products.
- a) Machine b) Worker c) Raw material.
16. PERT is _____ based.
- a) Activity b) Machine c) Project d) Event

17. The activity which comes before is termed as _____ activity.

- a) Successor b) Predecessor c) Parallel

18. Preventive maintenance is performed _____ breadwon.

- a) Before b) After c) during

19. In flow charts transportation is devoted by _____

- a) Circle b) Square c) Arrow

20. The control charts are used for monitoring quality of product in _____

- a) Production department b) Quality control department
c) Finished goods stores
